

St. Theresa's Home

An oasis of peace in the heart of West London, St Teresa's is home to 26 elderly people, many of whom are living with dementia.

Thanks to our kind supporters and our dedicated staff, residents of St Teresa's receive a superb level of individual attention. We encourage each and every resident to remain active and independent in their daily lives, and we go to great lengths to enable them to live as fully as possible.

The neighbourhood

St Teresa's is situated on a quiet residential street in South Kensington, within easy reach of transport services as well as the many shops, cafes, parks and museums that give the area its unique character.

The home itself

St Teresa's is spread over four adjoining properties – four elegant London residences that have been connected together to form a single home with 25 large en-suite rooms.

The entire facility is maintained to an excellent standard, and was refurbished in 2007/8 so it combines a historic feel with up-to-date features. We carry out regular assessments to ensure everything meets or exceeds the needs of residents, the expectations of families, and the requirements of regulatory bodies.

At St Teresa's we encourage every resident to bring their own belongings with them, so each room really feels like home. Residents have plenty of opportunity to socialise, gathering together in the comfortable communal lounge, the bright conservatory, the well furnished dining room and the sunny patio. When the weather is less favourable, an awning and garden heaters are on offer, so people can still enjoy the outdoors. For those seeking spiritual enrichment, St Teresa's also has its own chapel.

“ St Teresa's Home is really special – I feel very at home here. Everyone looks after me so well! I never would have imagined that a place could feel so calm and so restful, so close to the centre of London. ”

We actively encourage visits from friends and family – everyone who comes through our doors receives a warm welcome from Carers, Sisters and residents alike!

The care we provide at St Teresa's

Our staff regularly assess and review the needs of each resident, so we can make sure each person at St Teresa's gets the care they require from our committed team of fully trained staff and religious sisters. This staff is supported by local GP and hospital services.

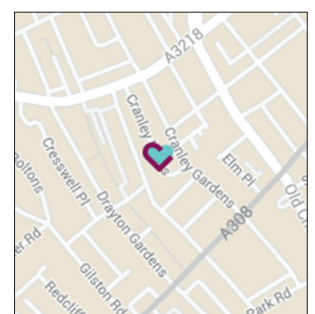

Residents also benefit from our wider support network:

- District Nurses
- Dentists
- Opticians
- Chiropodists
- Hairdresser (St Teresa's has its own hairdressing room)
- Other local community services

Our residents enjoy a rich and varied program of social activities. These include musical performances, film screenings and quiz nights as well as outings to concerts, theatres and other places of interest.
