

Retreat Centre

The objectives of our Home are to welcome anyone who needs to take a break, for whatever reason. Our retreat is a place of quiet, peace, harmony and hospitality, conducive to rest, contemplation, personal growth and development. We also offer organisations a place of quality, an urban oasis in which to share ideas and ideals.

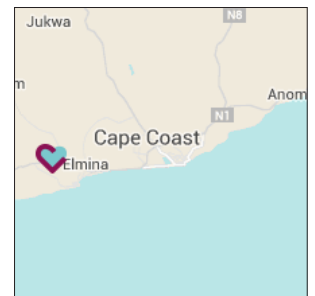

Location

Elmina is a castle town situated on a south-facing bay on the Atlantic Ocean coast of Ghana with a population of approximately 33,500 people. Beginning in 2003, the Elmina Strategy 2015 project was launched to repair and develop many aspects of the town, including a drive to improve the health of citizens.

Facilities
